FOR a **PICK 3 title** these are typically books you are unlikely to read cover to cover but might skim them or just leaf through them. For these books you are asked to simply find at least 3 entries or pages (letters, poems, artwork or creatures, etc.) that speak to you and to browse the book until you get a general feel for the content. If you're inspired, we invite you to explore it further; if not, simply collect your ticket and select your next bit of reading.
